Atal Jal Training and Workshop Module Manual

1. Introduction: About Atal Jal

The goal of Atal Bhujal Yojana (Atal Jal) is to demonstrate community-
led sustainable ground water management which can be taken to scale.

The major objective of the Scheme is to improve the management of groundwater resources in select water stressed areas in identified states viz. Gujarat, Haryana, Karnataka, Madhya Pradesh, Maharashtra, Rajasthan and Uttar Pradesh

2. Broad Structure / Workflow of Atal Jal

3. How to Open Atal Jal Application

a) Go to Browser and open the Link https://ataljal.mowr.gov.in/
b) Enter your Credentials

ADM

4. Registration/Login on Atal Jal MIS Application

(Registration is required for Admin Users)

Steps for registration:

a) Open the Atal Jal.

b) On the Home Page, click “MIS Login” to go to the Login/Registration Page.

c) New users can click on “Sign up” to go to the registration form.

d) Select Nodal Officer type.

There are five Levels of officers who can register:

i. Gram Panchayat Level Officer – for data capturing

ii. Block Level Officer – for regular monitoring

iii. District Level Officer

iv. State Level Officer

v. NPMU Level Officer

e) Input Full Name, Email Address, Password, Contact Number and Department/Organisation, which the user belongs to.

f) After entering Captcha code, click on the Register button.

g) Further, these details will be sent for approval to:

i. NPMU Nodal Officer – in case of NPMU user account

ii. SMPU Nodal Officer – in case of Gram Panchayat, Block Level, District Level and State Level user account.

h) After approval from the respective Nodal officer, user can login to their account.

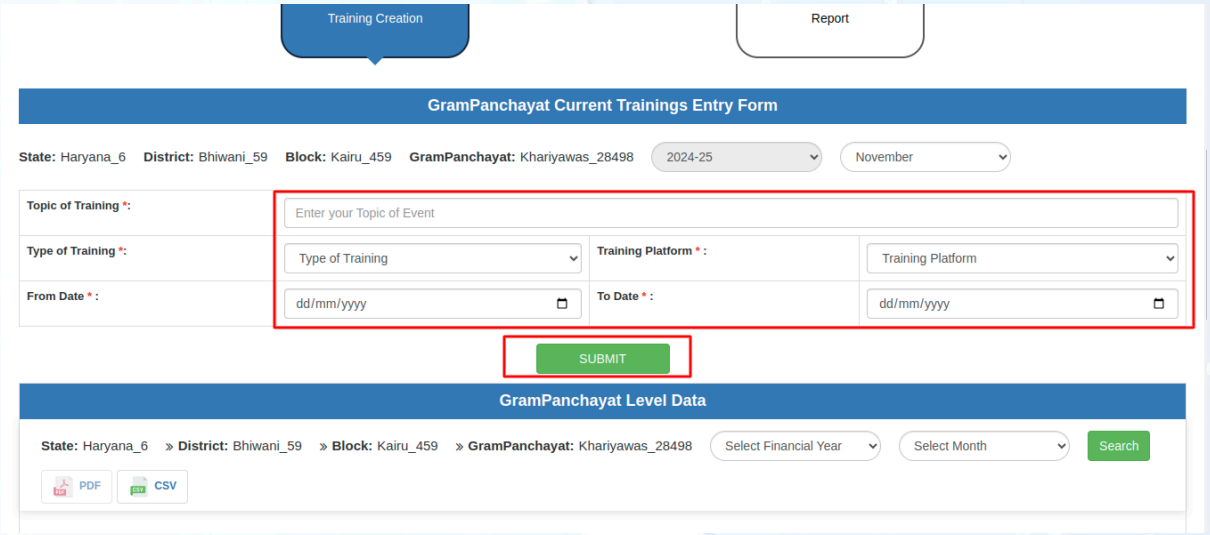

Home Page

5. Data entry in Training and workshop Module

GP Level

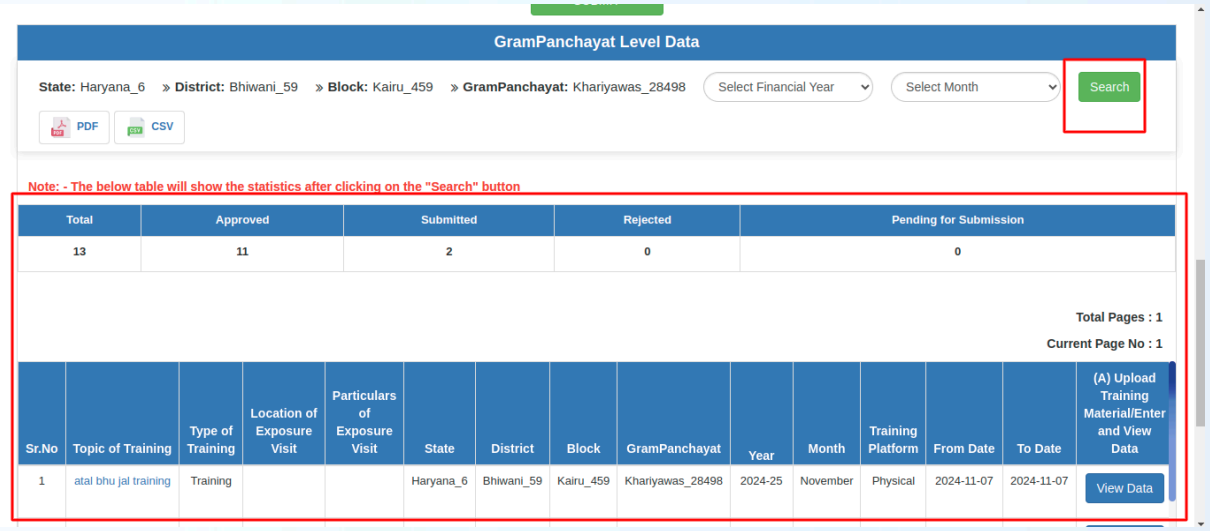

Step 1:

- The user will enter data in all required fields and click the **Submit** button to save the data.

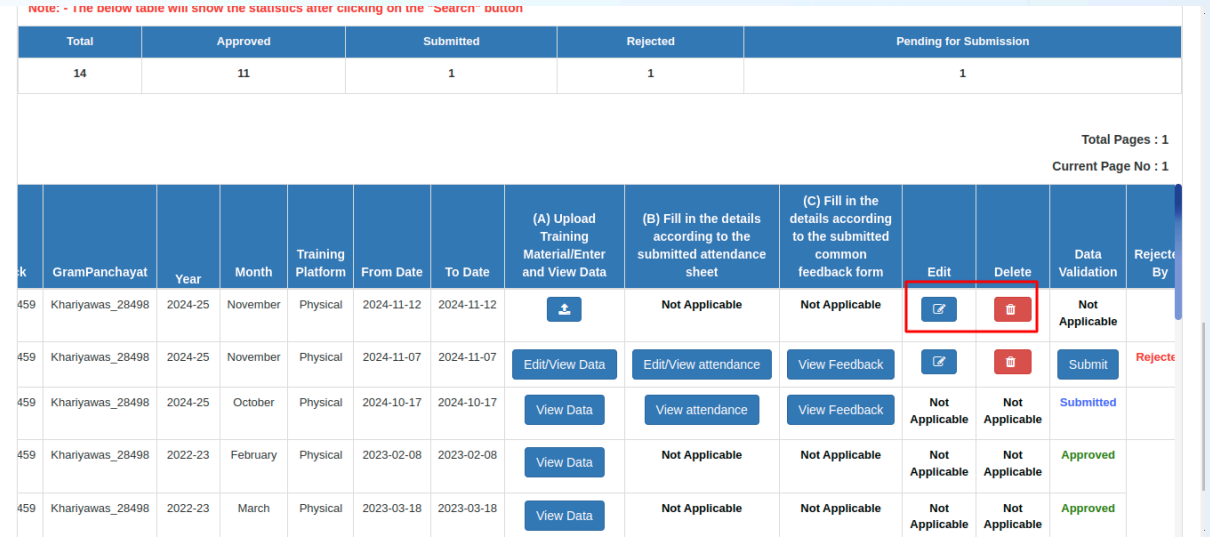

Step 2:

- After submitting, the user can click the **Search** button to display the submitted data in a data table.

Step 3:

Users can edit or delete entries directly from the data table.

Step 4

- The user uploads the training material data.
- After uploading, an Attendance Sheet button is displayed. The user fills in the details on the attendance sheet according to the submitted attendance.
- After completing the attendance sheet, a Feedback button is displayed. The user fills out and submits the feedback form.
- After completing the feedback form, the user clicks Submit to submit the GP-level training data to the district-level user.

Step 4.1 (For DPMU Users)

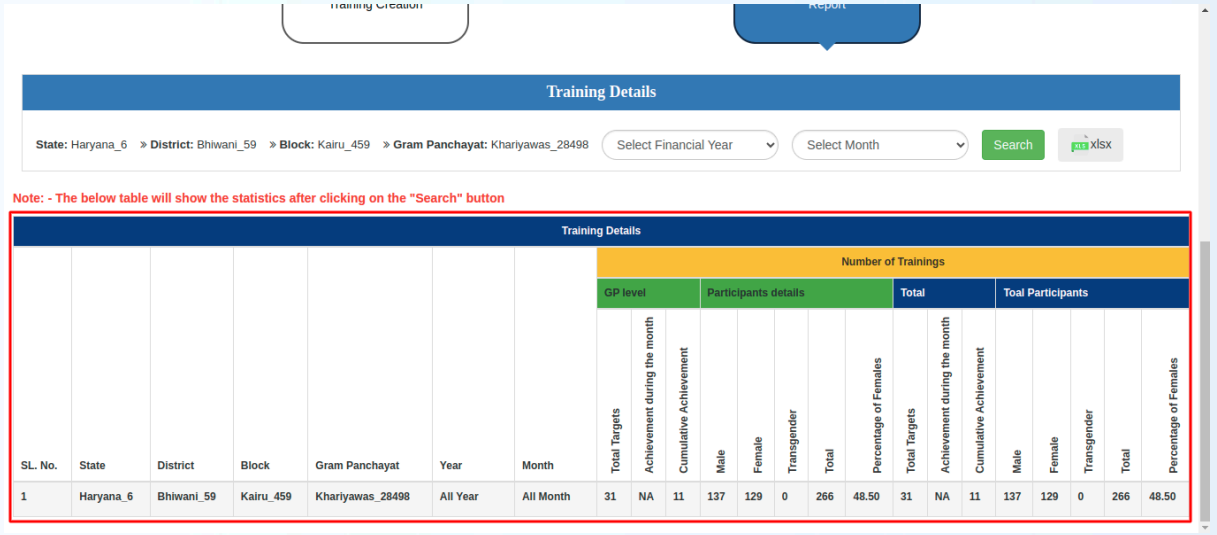

- DPMU users select the **GP** from the Training Creation dropdown. After clicking the **Search** button, training data is displayed in the data table.
- District-level users can view, approve, or reject the training data submitted by GP-level users.

Step 5:

- The user clicks on the **Report** tab.
  - **Step 5.1:** To view **Training Details**, the user selects **Training** from the report dropdown, then clicks **Search**. The training data will appear in the data table.
- The user then clicks on the **Report** tab.
  - **Step 5.2:** To view **Feedback Details**, the user selects **Feedback** from the report dropdown, then clicks **Search**. The feedback data will be displayed in the data table.

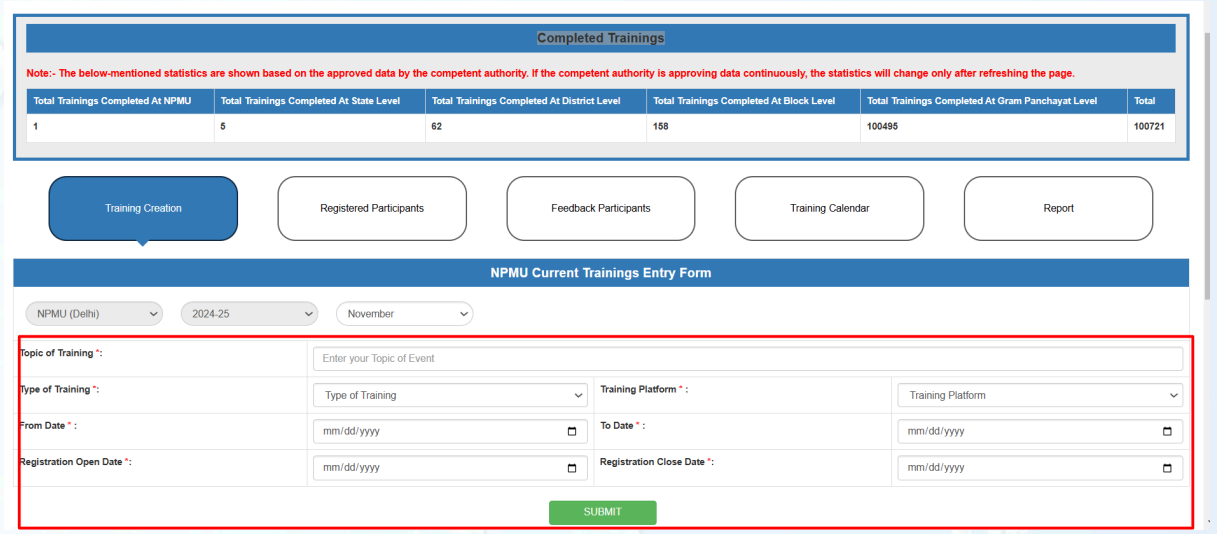

NPMU/State/ District/ Block

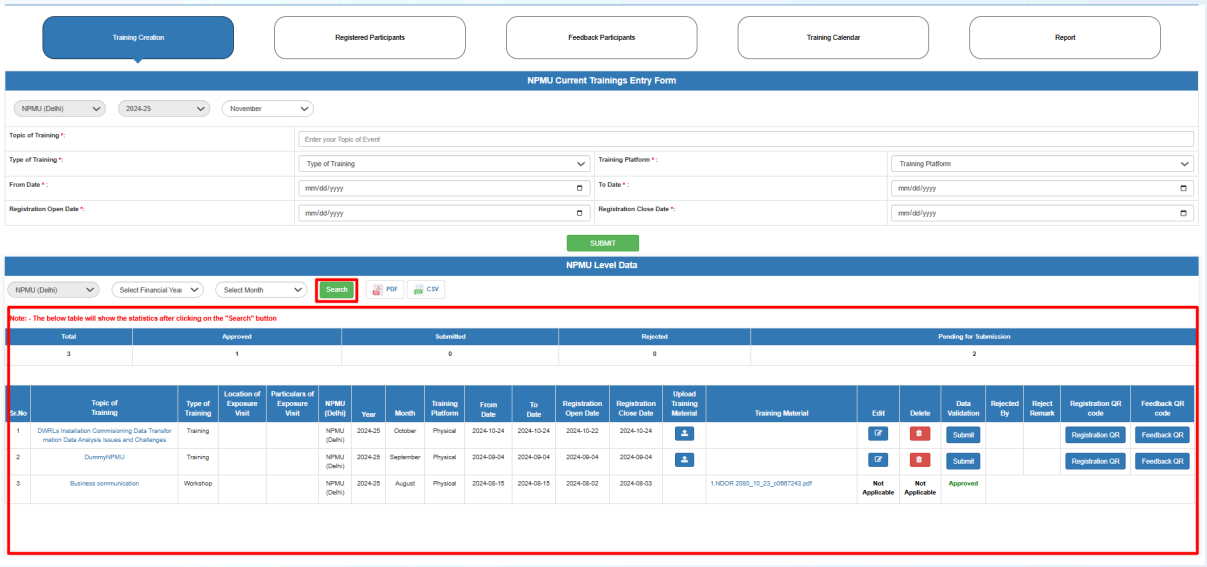

Step 1:

- The user will enter data in all required fields and click the **Submit** button to save the data.

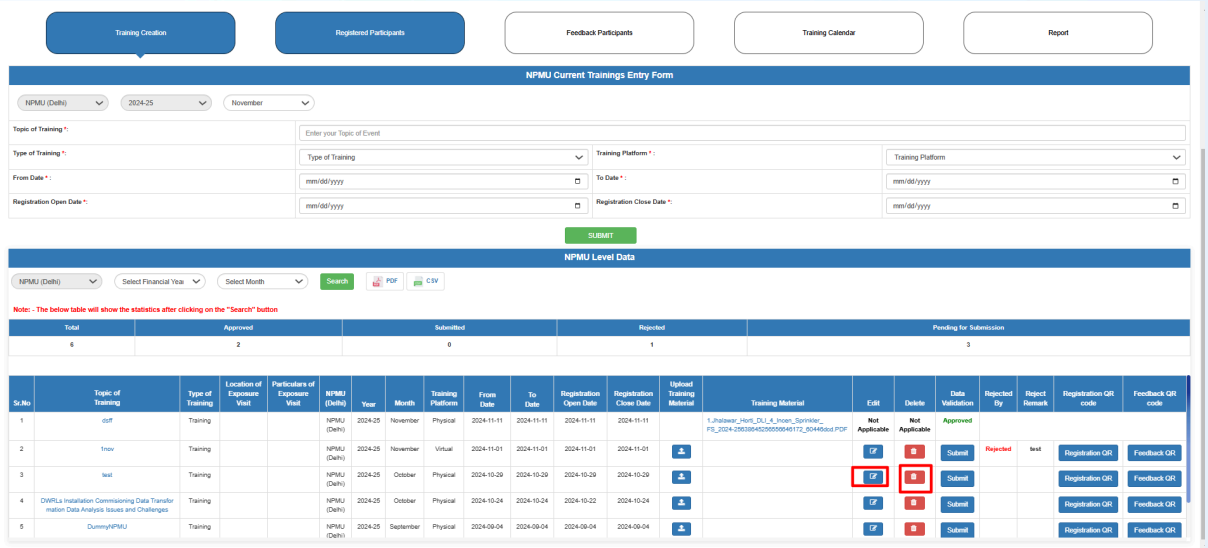

Step 2:

- After submitting, the user can click the **Search** button to display the submitted data in a data table.

Step 3:

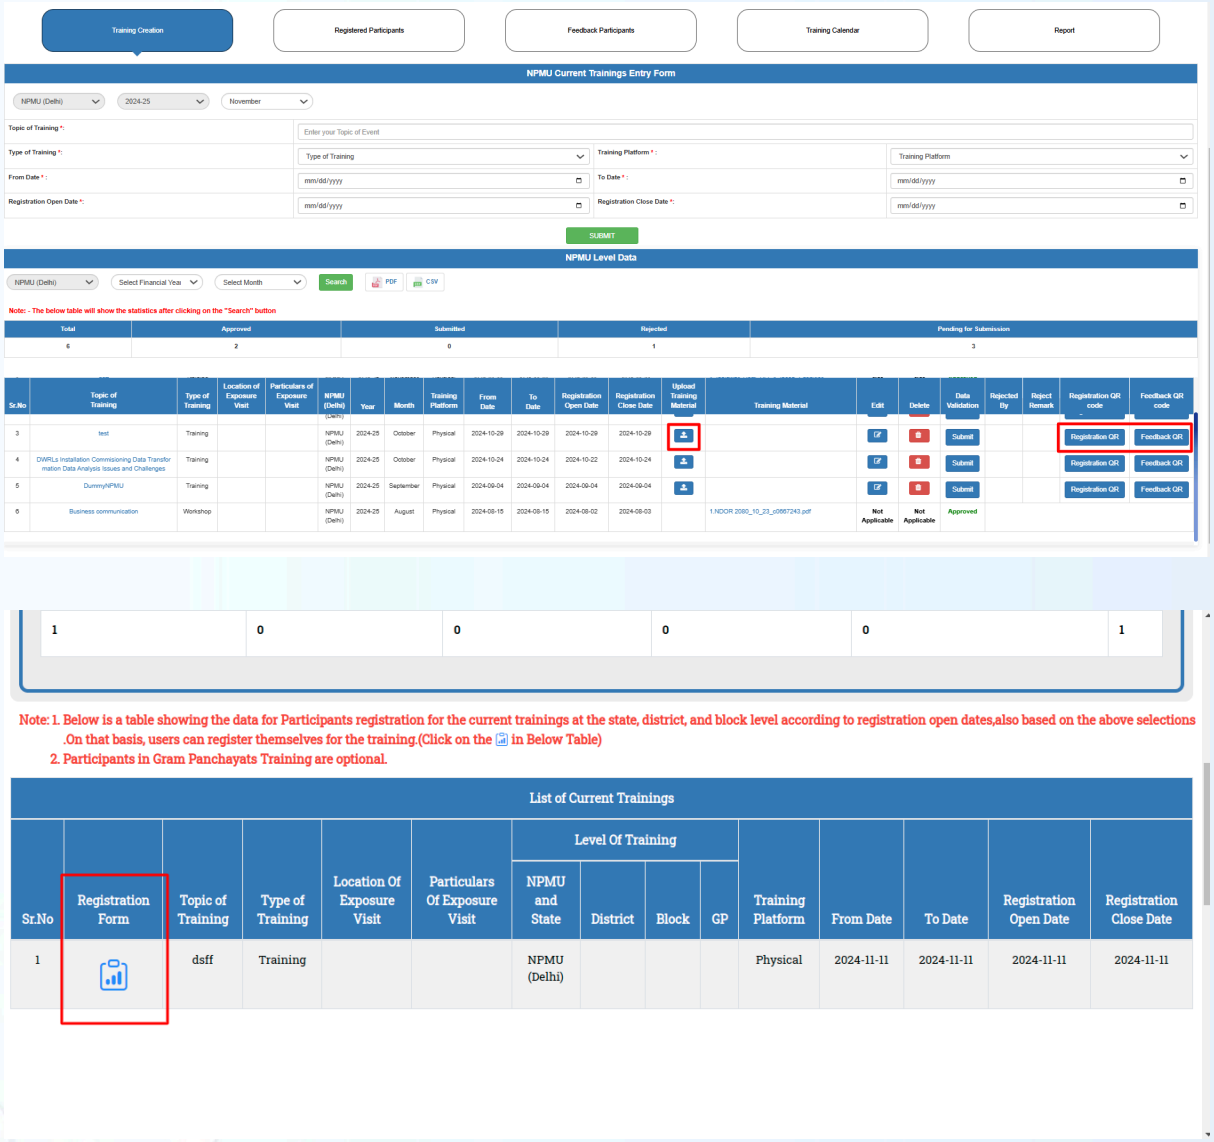

- Users can edit or delete entries directly from the data table.

Step 4:

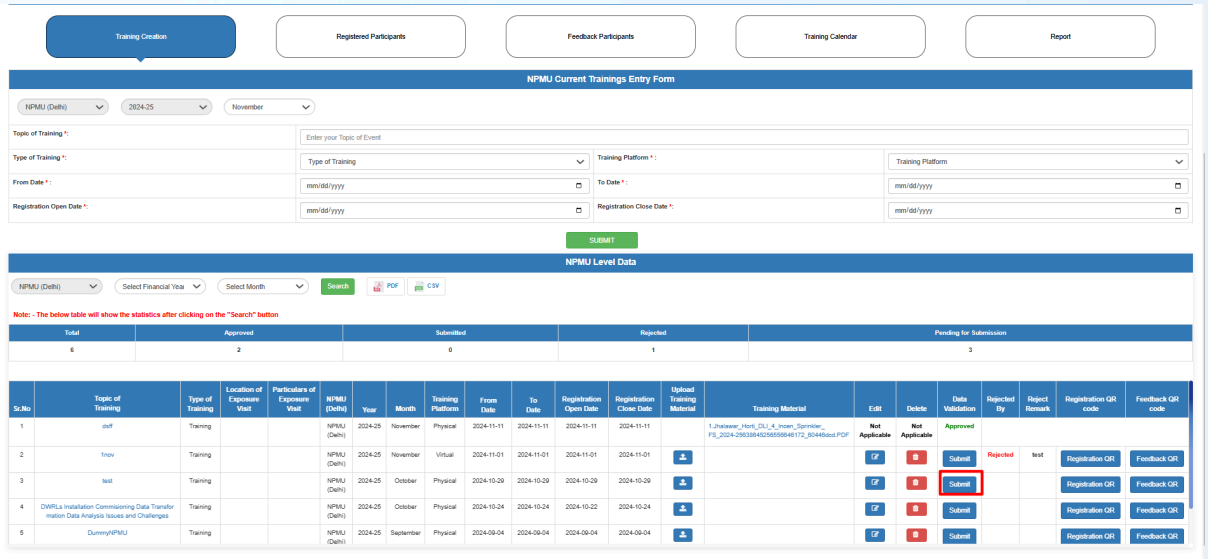

- The user will upload the training material data.
- Then, they will scan the **Registration QR Code**, which opens the registration form. The user fills in all required fields and clicks **Submit** to generate a registration number.
- Next, the user will scan the **Feedback QR Code**. Based on the generated registration number, the user will complete and submit the feedback form.

Alternatively: Users can fill out the registration form directly from the **Current Training/Registration** form.

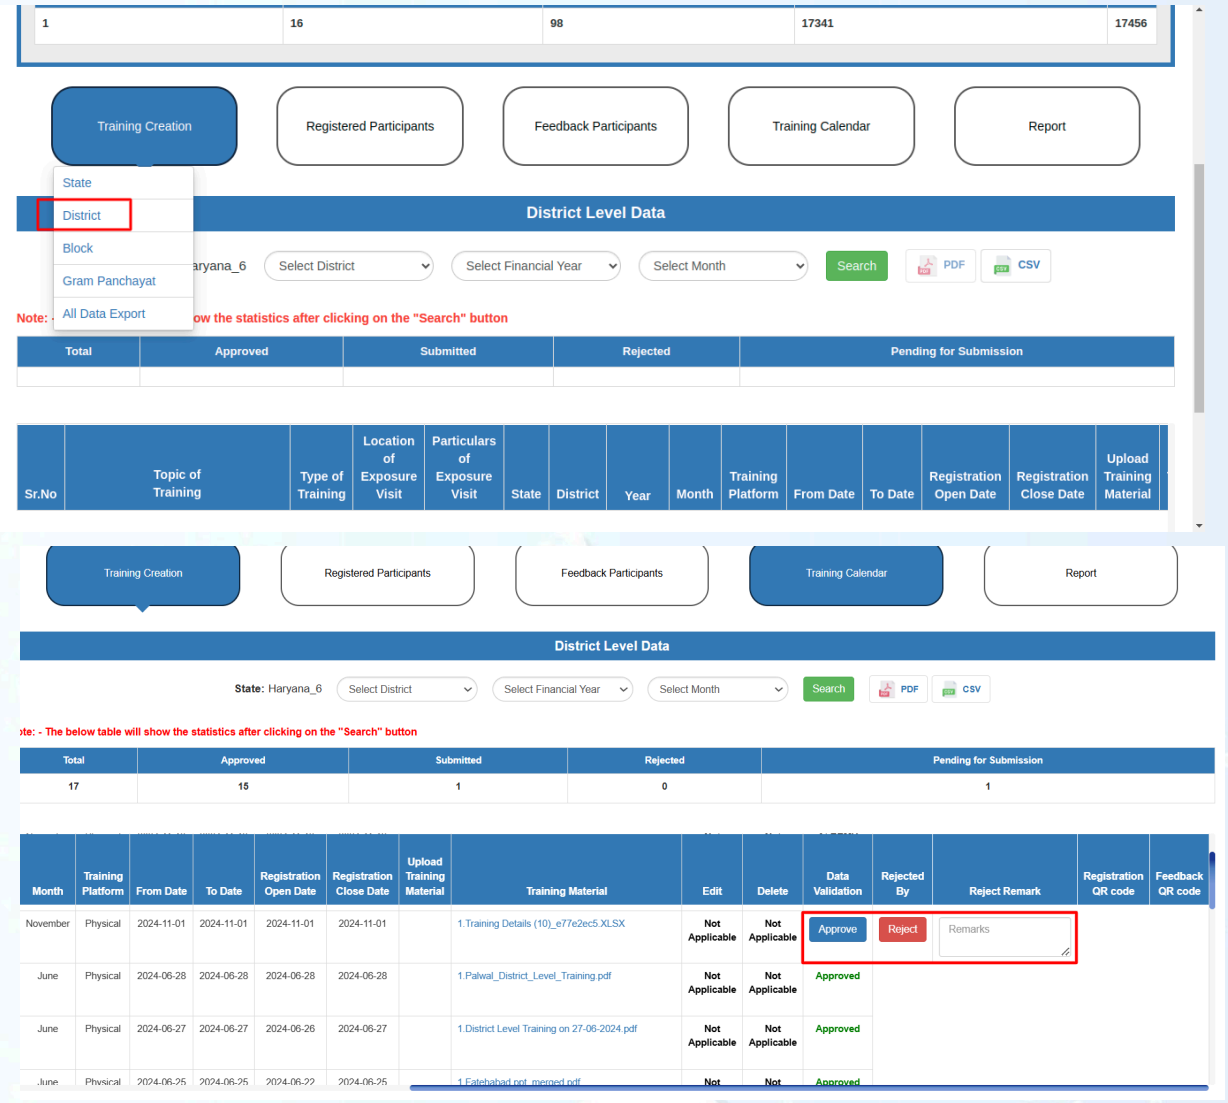

Step 5:

- After completing both the Registration and Feedback forms, the user clicks the **Submit** button to finalise the training submission.

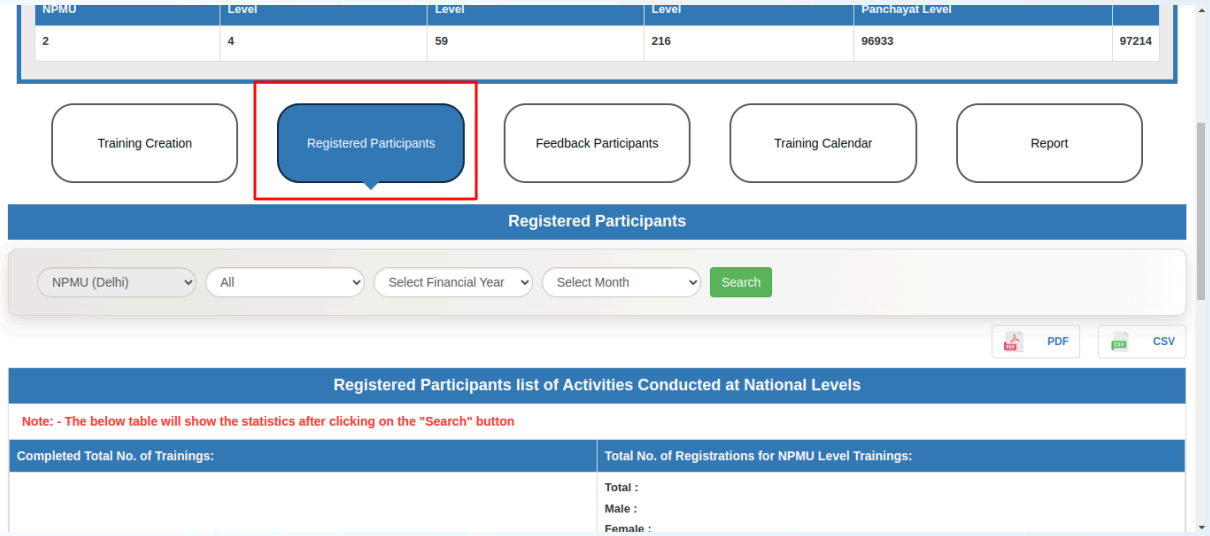

Step 5.1 (For SPMU Users):

- SPMU users select the **District** from the Training Creation dropdown. After clicking the **Search** button, training data will be displayed in the data table.
- State-level users can view, approve, or reject the training data submitted by district-level users.

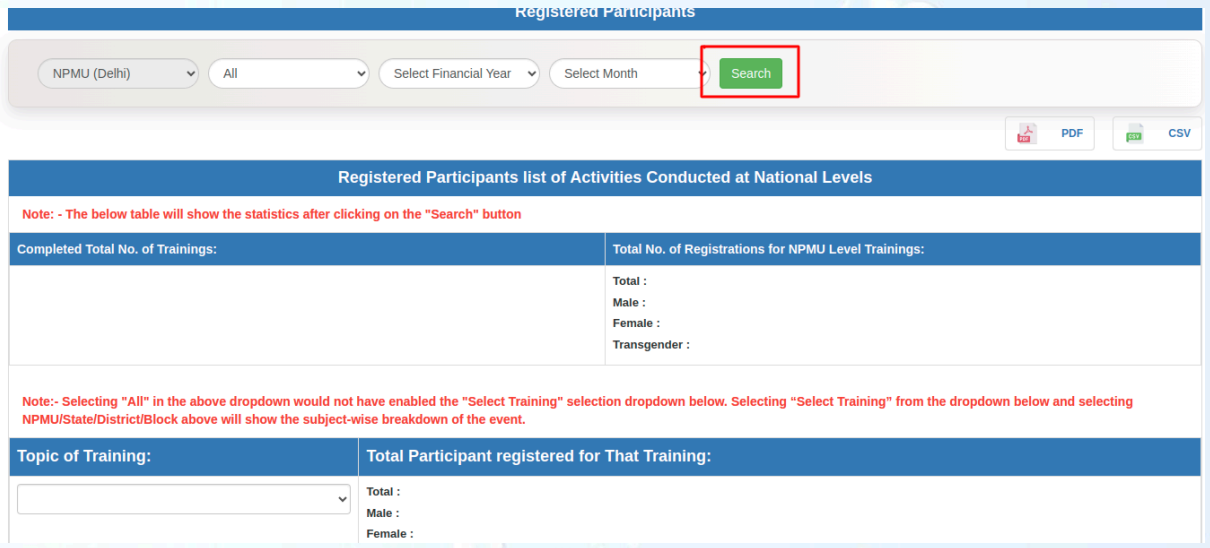

Step 6:

- The user navigates to the **Registration Participants** tab.

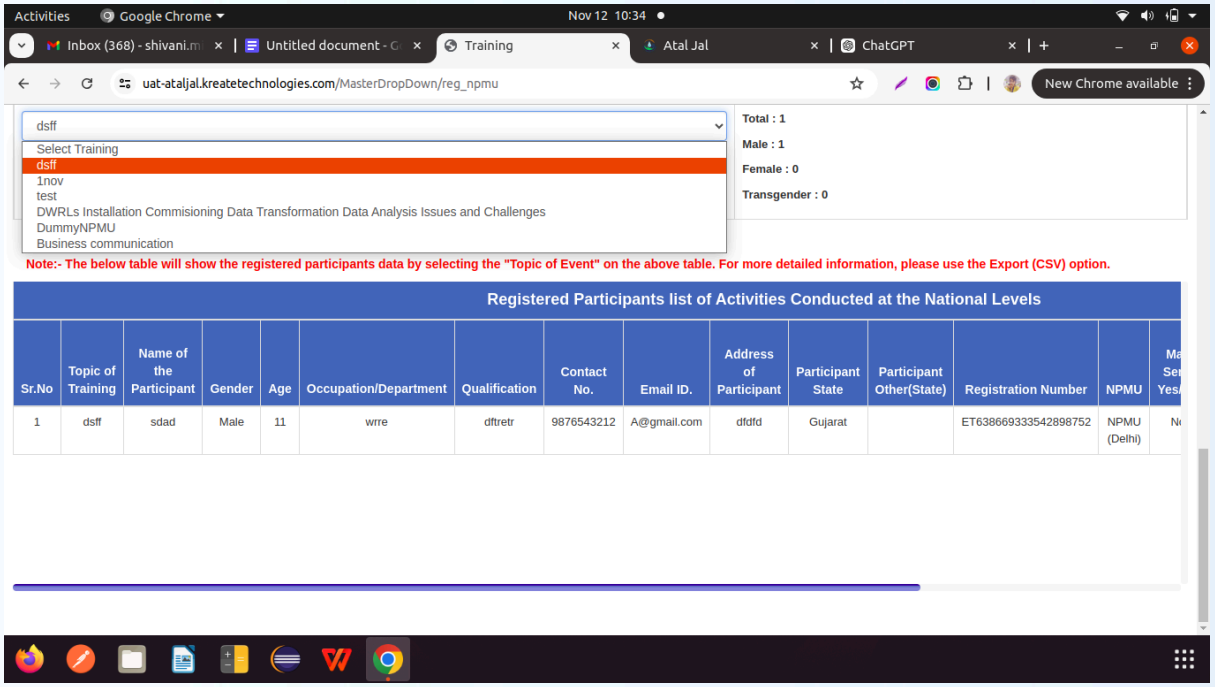

Step 7:

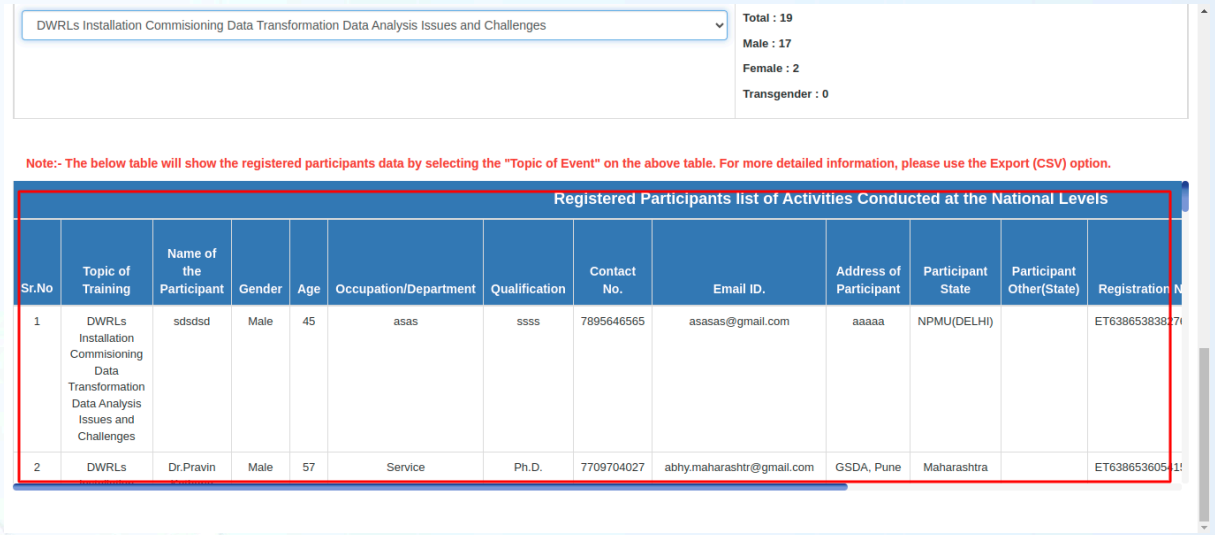

- By clicking the **Search** button, the user can view all registered data in the data table.

Step 8:

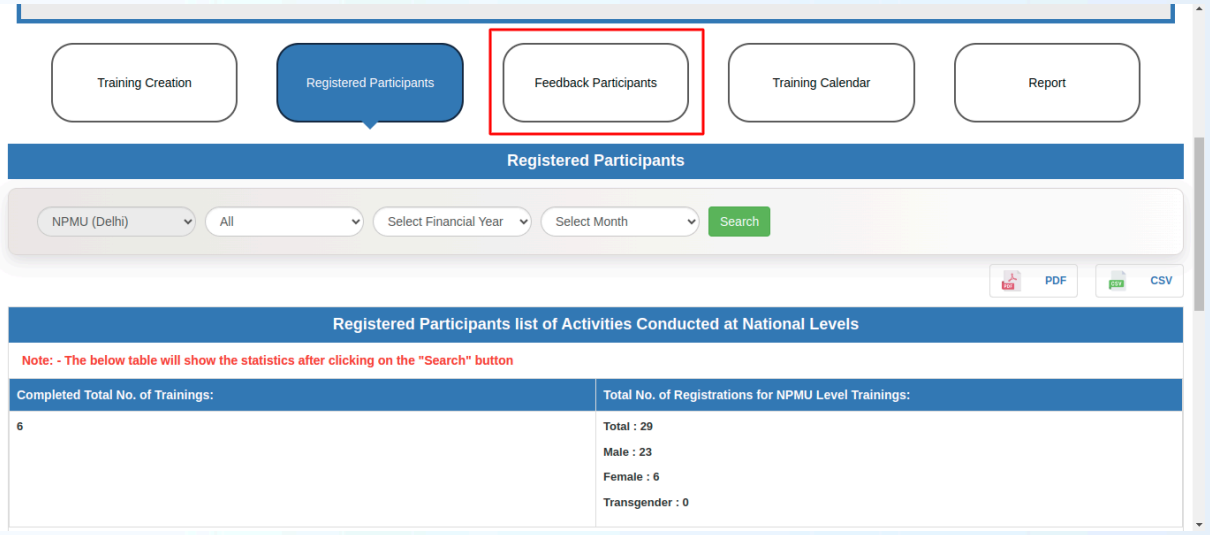

- To filter and view specific registration data, the user selects a training topic from the **Topic of Training** dropdown menu.

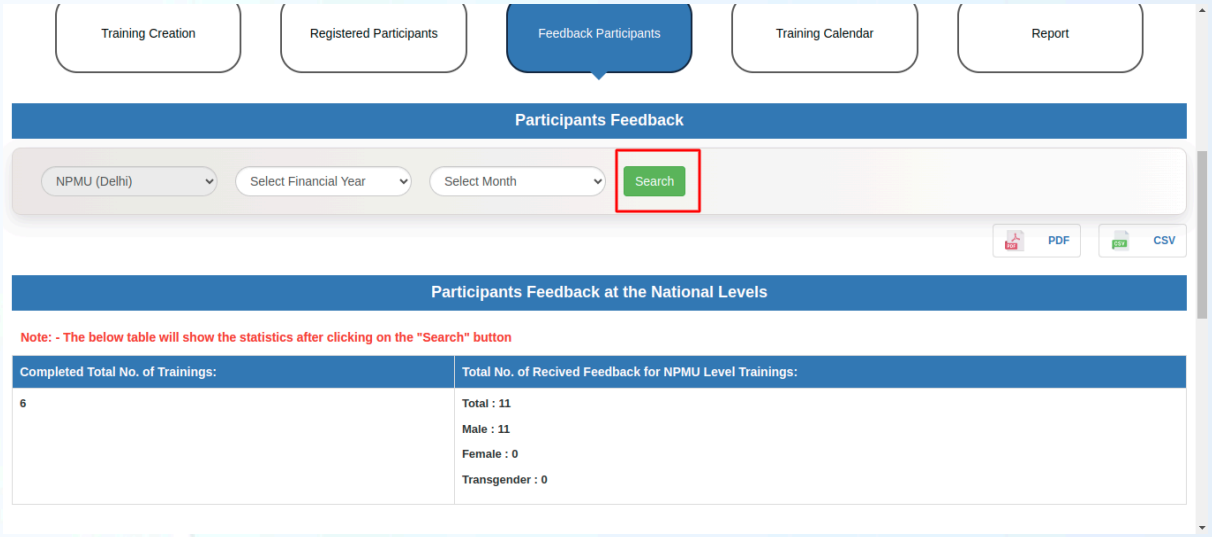

Step 9:

- The user navigates to the **Feedback Participants** tab.

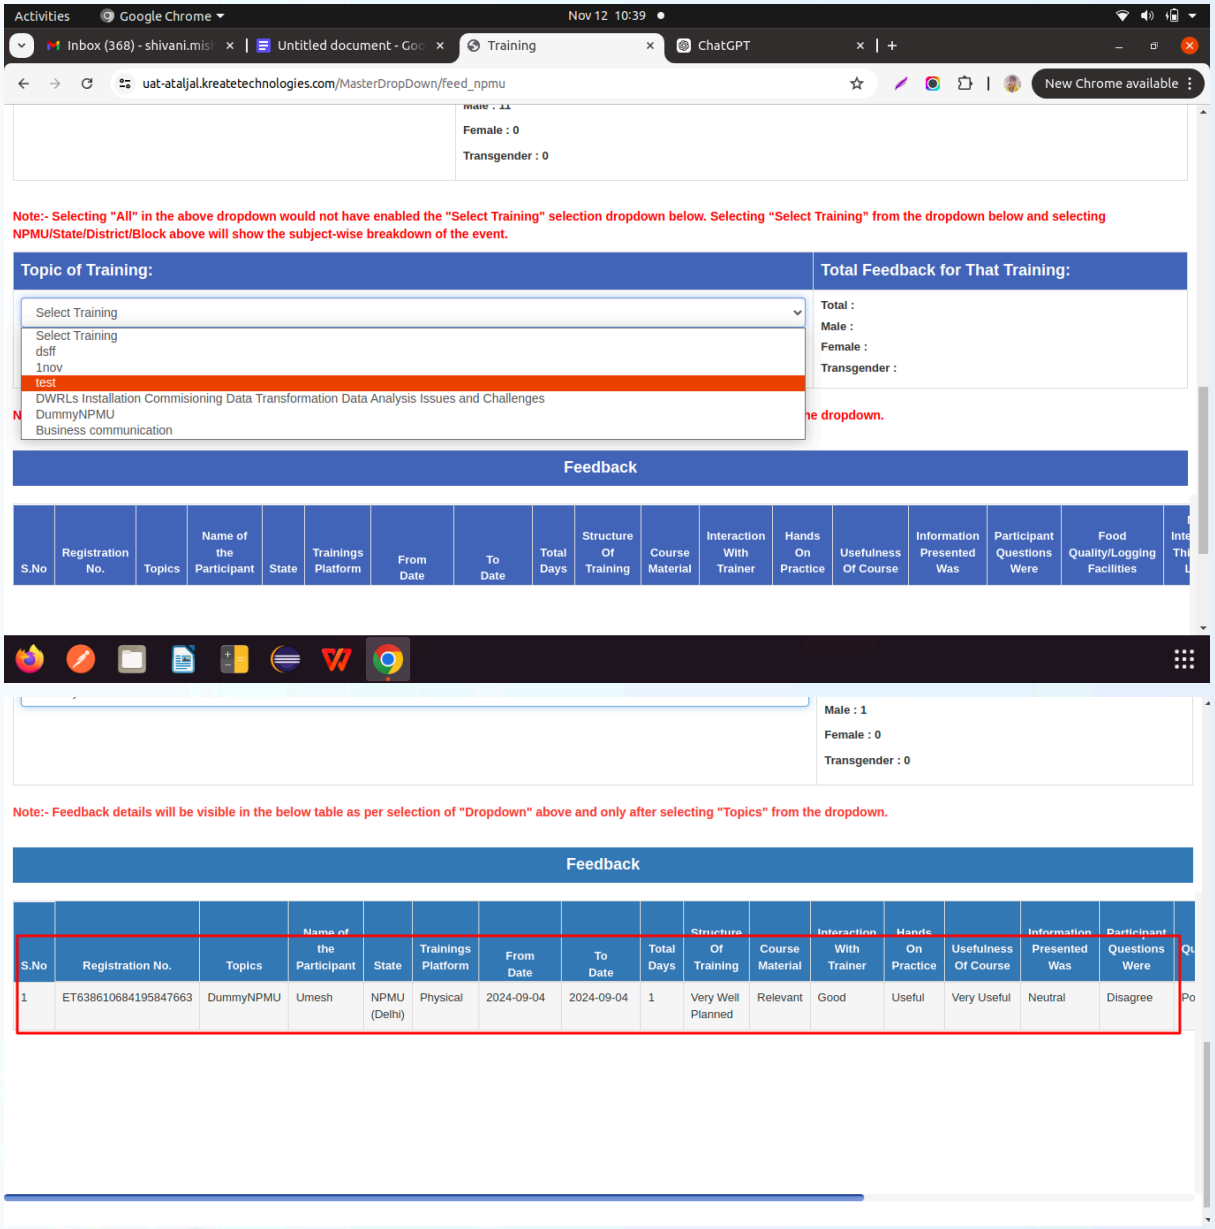

Step 10:

- By clicking the **Search** button, all feedback data will be displayed in the data table.

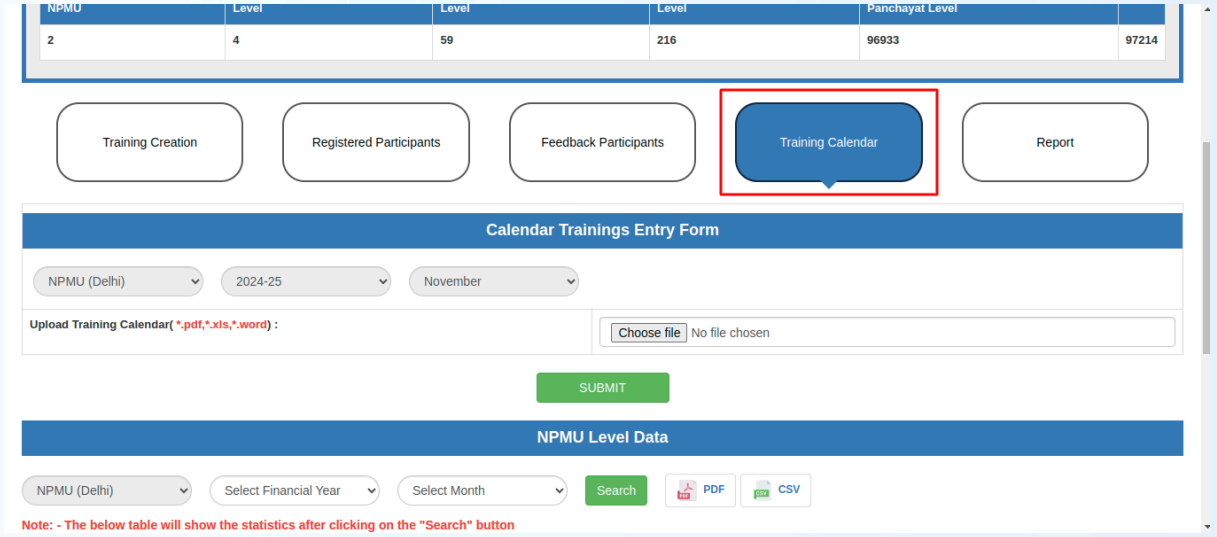

Step 11:

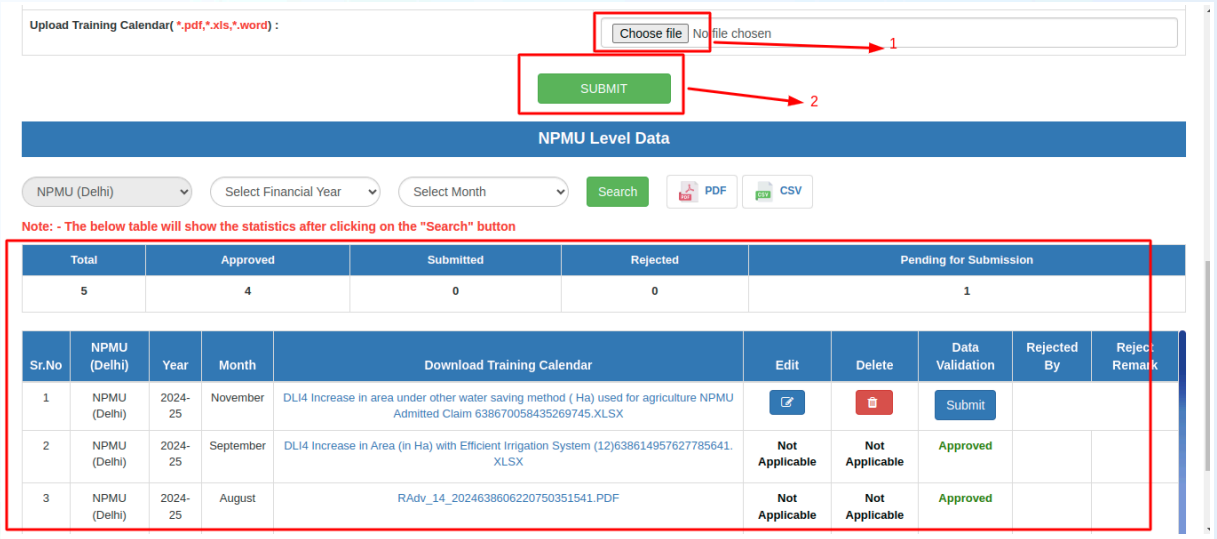

- To filter and view specific feedback data, the user selects a training topic from the **Topic of Training** dropdown menu.

Step 12: (This process only for State and NPMU level)

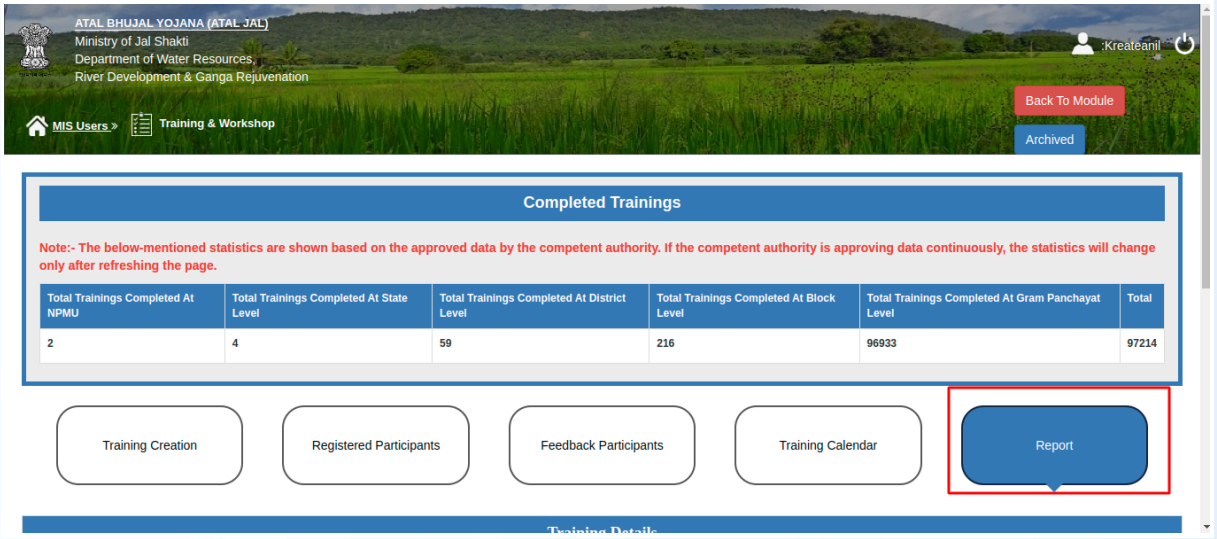

- The user goes to the **Training Calendar** tab.
    - **Step 12.1:** The user uploads the training calendar and clicks **Submit**. The uploaded data will be displayed in the data table.

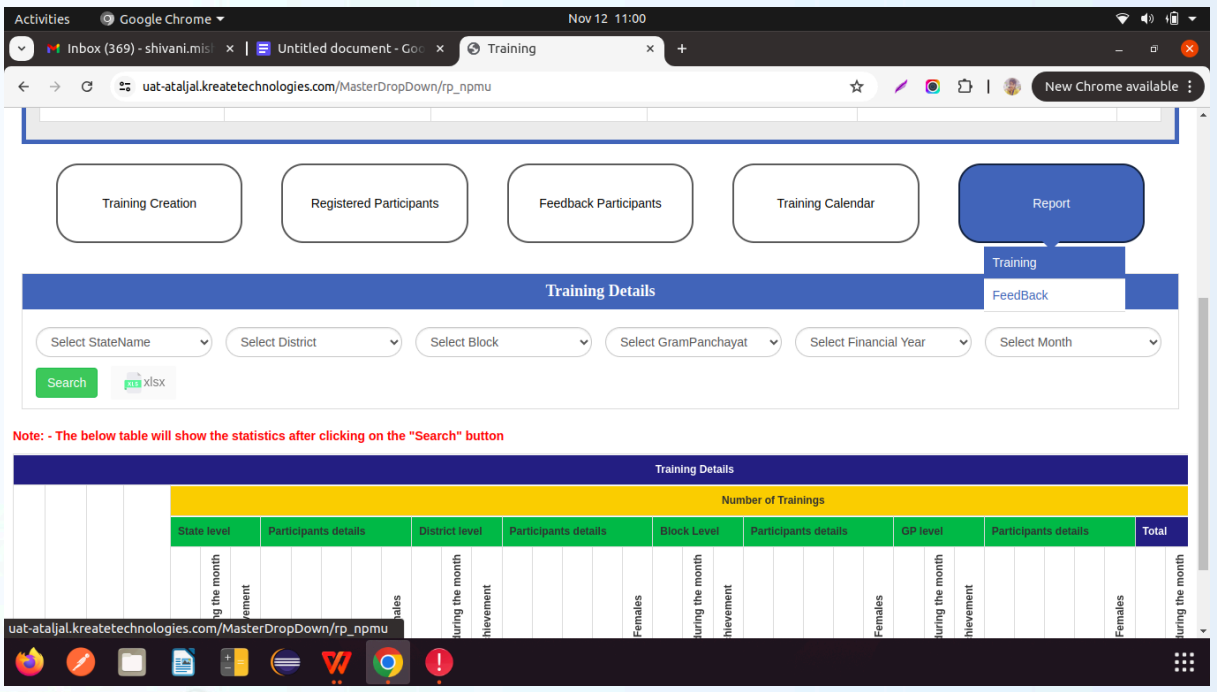

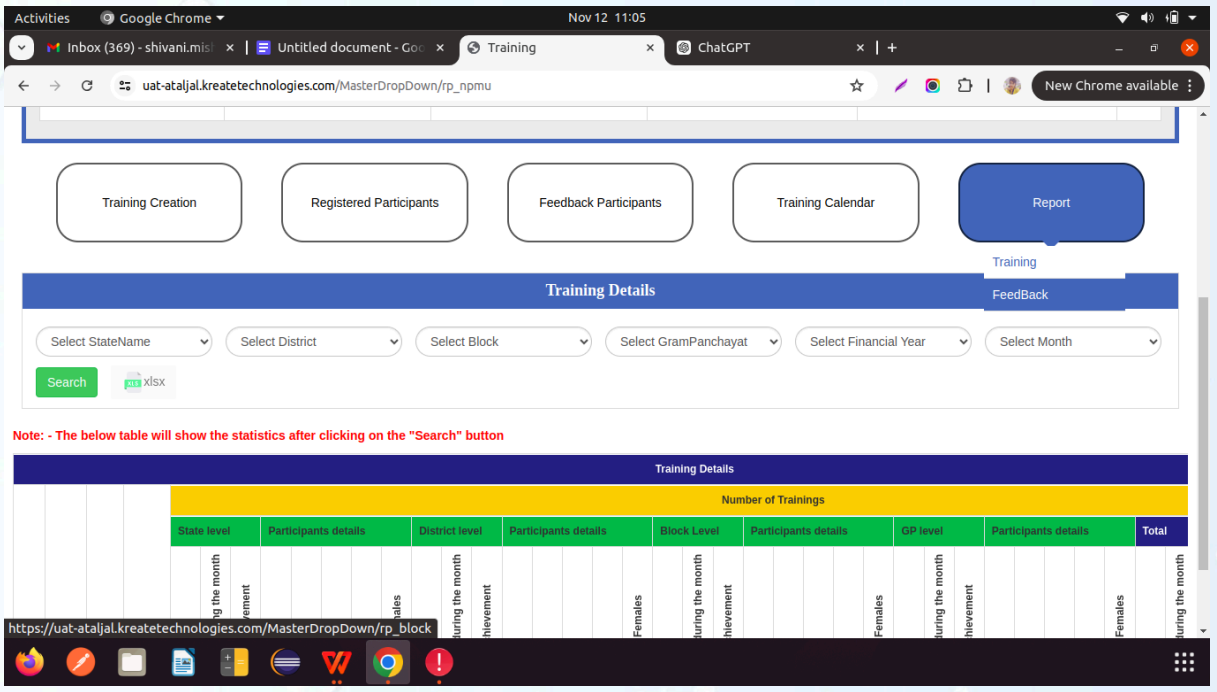

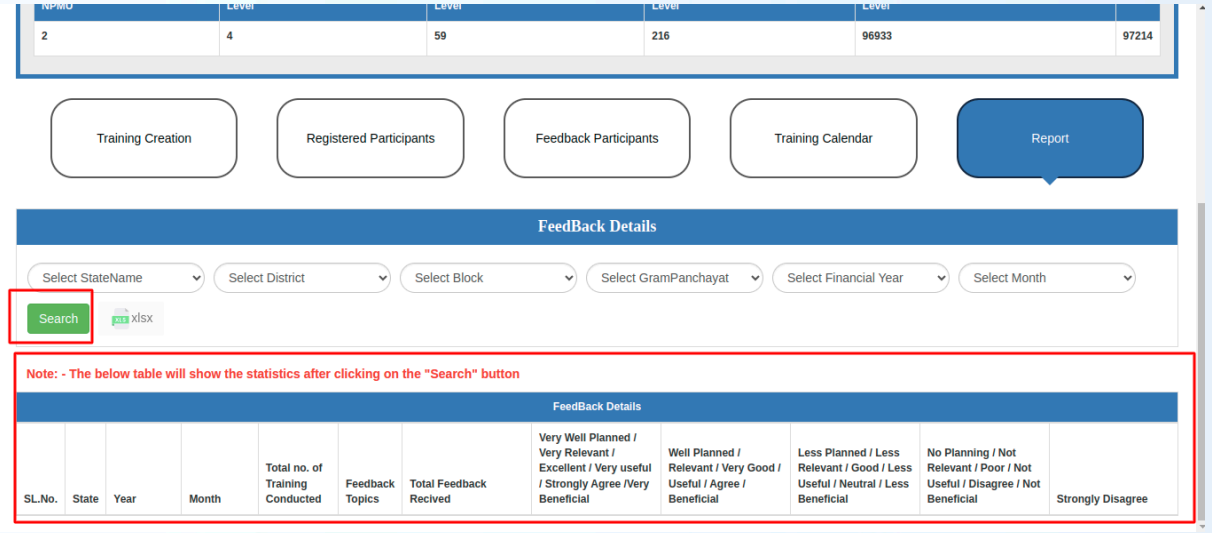

Step 13:

- The user clicks on the **Report** tab.
    - **Step 13.1:** To view **Training Details**, the user selects **Training** from the report dropdown, then clicks **Search**. The training data will appear in the data table.
- The user then clicks on the **Report** tab.
    - **Step 13.2:** To view **Feedback Details**, the user selects **Feedback** from the report dropdown, then clicks **Search**. The feedback data will be displayed in the data table.
